FIFTEEN CENTS

Antioch spearheads drive

2 counties start new big DUI push

by GLORIA DAVIS

More ammunition, this time in the form of monetary funding, is being thrown into the three-year war waged along the Illinois-Wisconsin border, against drunken drivers.

Illinois teens that are headed to and from Wisconsin's bars are expected to get special attention.

The Illinois Dept. of Transportation (IDOT) has just approved a \$330,295 alcohol safety program whose roots were planted by Antioch Police Chief Chuck Miller, after the law enforcement crackdowns at the border last summer.

Last fall, in preparation for the "Summer '83" onslaught of heavy tourist traffic on the roads that run through the village of Antioch (especially Rtes. 83, 59 and 173) Miller began to have monthly meetings at the Antioch Police Dept. in which state, county, and surrounding municipal officials and law enforcement agencies participated.

"Maureen Murphy, research analyst and assistant director of the Lake County Dept. of Emergency and Public Safety Services really helped spearhead the program," said Miller.

Last week IDOT released its approval of the funding that had been applied for to back the program and official documents implementing it were signed by the Lake County Board on Thursday, May 12, at a press conference at the Lake County Bldg.

The counties of Lake and McHenry and towns and villages in both counties are participating in the program that started the first weekend of May.

The Village of Antioch has already approved participation and the villages of Hebron, Richmond, Winthrop Harbor and

the City of Zion are expected to follow immediately.

The intent of the program, according to Miller, is a more heavily patrolled border area and an intensive enforcement of the present laws against driving under the influence of alcohol and drugs in an area that has for three years seen an overabundance of drinking related accidents.

The IDOT funding will help pay for the overtime salaries of the county, state and local law enforcement agencies that will be on concentrated patrol during many planned unannounced traffic crackdowns.

"The village will have to pick up what we call soft matching funds such as the cost of insurance for the policemen while they are working overtime and the gas used and wear

and tear on the squad cars, etc.," said Miller.

He estimated that Antioch would receive about \$35,000 for its end of the program out of the fund and the cost to the village would be in an area up to \$8,000.

Miller added that the arrest criteria called for to receive the funding was so low that "We make that many on any weekday night."

On Tuesday, May 10, at the last meeting of the Lake County Board, that body approved the spending of matching funds of \$45,000 for the county's participation in the program.

The county board approved the participation by a 21-2 vote, with Reps. Stanley Pekol and John Balen both voting against the proposition.

The second meeting of the Antioch Apple Users Group will be held at Antioch Community High School on Thursday, May 26, at 7:30 p.m.

Tentative topics will be The Bank Street Writer, a very easy to learn and easy to use word processing program, and a demonstration comparing Visicalc, Advanced Version Visicalc, and Multiplan.

Spring concert

The fine arts department of Antioch High School will present its annual Spring Vocal Concert, May 19, in the high school auditorium.

The A-Capella Choir has had a busy year, presenting three concerts, the Northwest Suburban Choral Festival and Illinois State University's Invitational Festival in Normal.

All four vocal groups, the Madrigal Singers, Freshmen Girl's Chorus, Concert Choir, and the A-Capella Choir will be taking part in the evening's program.

Jean Kim, a freshman, will be featured in a piano solo, Impromptu No. 4 by Franz Schubert. Soloist in songs and choirs will be singing are Kim Smith, freshman, Tim Montalvo, sophomore and Joe Apostol, senior.

A wide variety of songs are programmed for the evening selections from "Fiddler on the Roof", "Jesus Christ Superstar", to Joseph Heydn's "Imperial Mass."

Tickets are available from any of the choir members or at the door.

Another court delay for Haley

On Tuesday, May 10, another continuance was granted, at the request of the defense, in the case of the County of West Palm Beach, Fla., versus William Haley, 41, Antioch and James Amaroso, McHenry, on drug trafficking charges.

Another calendar call to see if both the defense and the prosecution are ready for trial has been set for Friday, Sept. 9 with a tentative trial date set for Monday, Sept. 12.

Haley and Amaroso were implicated when drug authorities confiscated \$476,000 worth of marijuana at the West Palm Beach Airport over two years ago.

Several continuances, requested by the defense, have been granted in this case which had been in the courts since 1981.

The plane, owned by William Zeigler, Round Lake, confiscated by drug authorities in the April 1981 incident was released and later confiscated by drug authorities in Fort Meyer, Fla. in January of 1982.

Over a year later, unofficial reports have the plane finally being released to Zeigler.

Gauge CDBG flood funds to be township's by July

GLORIA DAVIS

Another step will be taken within a week towards the curing of the long-time surface water problems in the Lake Catherine-Channel Lake areas in Antioch Township, reported Kathleen Rumsey of the Lake County Dept. of Planning and Zoning and Environmental Quality.

Community Development Block Grant Funds (CDBG) amounting to \$20,000, left

over from last year, have already been allocated to cover an engineering study on the problem.

Rumsey said that a letter would be submitted this week to area engineering firms asking for cost proposals on the flooding and drainage problem for which another application has been made for an additional \$100,000 in CDBG funds.

Lions to sponsor ACHS sports fete

The Antioch Lions Club is sponsoring the athletic banquet at Antioch Community High School on Monday, May 23. This is the 42nd banquet sponsored by the local club.

The banquet is to honor the senior boy and girl athletes, as well as the senior cheerleaders, pom-pom, color guard, senior marching band members, most valuable athletes and individual state qualifiers in the school's 17 sport areas. The dinner will be at 7 p.m. in the cafeteria.

The senior athletes and special invited groups and their coaches and sponsors will be guests of the club. Each teen guest is encouraged to bring a father, a mother or an adult guest.

The club would like to limit the adult guest to one since there will be limited seating. Tickets will be at the door at a cost of \$6.

The Lions Club and guests will hear William Mallory, varsity football coach at

Northern Illinois University. Mallory is from the celebrated "Cradle of Coaches" fraternity, Miami of Ohio.

The Mallory background reads like a "Who's Who of Football."

A 1980 inductee into Miami University Athletic Hall of Fame, he made his first steps on the grid ladder for the Redskins in more ways than one.

Owner of an 84-45-1 record, he developed into one of the country's winningest coaches during a five year stint at Miami and a five year stay at the University of Colorado.

His teams have appeared in three bowls, Tangerine (73), Bluebonnet (75) and Orange (77).

Mallory's Miami 11 are legends. The Redskins compiled a 39-12-0 record during his regime.

Remember, Monday, May 23, in the high school cafeteria at 7 p.m. Parents and Lions members may purchase tickets at the door.

AARP plans annual trip to Wisconsin

The meeting of Antioch Chapter No. 387, American Assn. of Retired Persons, was called to order by President Ruth Rynders on May 10. Francis Winiacki, attendance chairman, announced there were 136 members present including two new members and two guests.

On May 19, members will board the bus at 7 a.m. for their annual trip to West Bend, Wisc. where they will have lunch at Smith's Restaurant and then tour the discount stores. All tickets have been sold.

Glenn Petersen has plans for a trip to Amish Acres in Nappanee, Ind. on June 23. A few tickets remain to be sold. See Petersen for details and tickets if you are interested.

Legislative chairman, Clara Haling, reported on several utility reform bills being introduced in Springfield. Michael J. Madigan, speaker of the Illinois House of Representatives, has proposed a comprehensive utility package to correct some of the current inadequacies. She told members of the Citizens Utility Board which a number of communities voted to establish in the April election.

CUB will be an independent consumer group.

It will provide the means of presenting consumer interests regarding utility rates before the Illinois Commerce Commission, and gives notice to legislators that the time has come for citizens input in the operation of utility companies.

Vicki Bock again asked for volunteers for the Salvation Army Donut Day on June 3. If you can help, please call her (312) 395-1757.

Nels Anderson, chairman of the nominating committee, announced the following slate of officers for the ensuing year: president, Robert Ullrich; first vice president, Ann Gialds; second vice president, Clara Haling; secretary, Frances Tomasik; treasurer, Mae Kiefer.

Members of the board: Al Courtois, Francis Brumbaugh.

There were no further nominations from the floor and the entire slate was accepted as read.

Since there was no contest for any office, all nominees were unanimously elected to office and no further election will take place. Installation of officers will be held on June 14 at Hunter's in Richmond.

Al Courtois introduced David Ramos of the Social Security Administration,

who gave a very informative talk of recent amendments to the Social Security Act. Members who wish to receive a copy of the 1983 amendments may call (312) 244-5050 or send their request to the Social Security Administration, 1 N. Genesee St., Waukegan, 60085.

WIN AWARD

The College of Saint Teresa, Winona, Minn., has announced the 1983 Presidential Scholarship awards for prospective freshmen. Almost \$50,000 has been awarded to date to eighty prospective students at CST according to Greg Peterson, financial aids director. The scholarships, which range from \$1,200 to \$4,000 over a four-year period, are awarded to high school seniors based on academic achievement. Donna Graesser, a senior at Antioch Community High School, has been named the recipient of the Sister Rachel Dady Scholarship at the College of Saint Teresa. The \$600 per year award is given to students who have maintained a grade point average of 3.0.

Only legislature blocks economic rebound

by ROGER RUTHHART

Managing Editor

Nothing is holding back the economy from one of its most prosperous periods in history but the government, according to financial analyst Gary Meyers.

Meyers, a financial columnist for many of the Lakeland Newspapers, addressed the Antioch Chamber of Commerce and Industry. His appearance was sponsored by the State Bank of Antioch.

"I'm very bullish on this country," Meyers admitted, saying that the federal deficit and spending will play a major part in the recovery.

"It's got to be brought under control. If not we'll go back to where we were. It's the single most important factor," said Meyers.

Meyers said he was glad the recovery was not a sharp one, "because what goes up sharply can fall sharply."

"The risks in this recovery lie in government spending. Reagan is not brilliant, but I like most of what I see coming out of his administration, except James Watt (Sec. of Interior). Him they can keep."

"Overall, we think we're in a time where the economy will be coming back sharply. There's never been a better time for the individual, not only to survive, but to make a lot of money," said Meyers.

"There's going to be a lot of change and whenever you have a lot of change, you have a lot of opportunity...the banking system is solid," he added.

"Don't overlook the American ingenuity and American mentality. We are the best in the world and our people are the most creative in the world. I'm very optimistic about at least the next two years and possibly the next four or five," Meyers said.

In Illinois, Meyers charged that the only thing holding back the economy is the necessary legislation.

"Illinois is one of the wealthiest states in the union. We have everything here—drinking water, one of the best transit systems in the United States, skilled labor, good transportation, a great location, more nuclear power than any state in the nation and all the resources necessary."

"The sunbelt has problems coming out of its ears and they aren't problems that can be solved with legislation—water, labor, welfare."

GARY MEYERS

"The only thing holding back Illinois is legislation. We put ourselves in this situation. We have a legislative problem and have to concentrate on it, but we will come back."

"We have a governor who is horrible in terms of bringing in new business. Illinois is one of the worst states for bringing in building."

"Is it not his fault? If you're not part of the solution, then you're part of the problem," said Meyers.

"And the problems in Chicago aren't helping," he added.

"When people look at some of the things going on in this state, they say we're crazy."

"There's not a problem with the economy in Illinois that can't be solved through legislation. Arizona can't legislate an increase in its water table."

"We need to knock off some of the taxes and get rid of some of the waste. For starters you can get rid of Thompson's lobsters. That's a terrible example to set," Meyers added.

Chief airs drowning, two fires

The Antioch Fire Dept. was kept busy on Sunday, May 15, with a drowning in Grass Lake near Blarney Island and two small fires.

The underwater diving team, joined by Fox Lake, Lake Villa and Grayslake, was called at 8:20 p.m. The teams walked the shallow area looking for a reported drowning victim who had fallen from a boat until 11

p.m. when they started dragging operations.

The body of a 19-year-old Mount Prospect man who had reportedly fallen from a boat into the water was recovered at 11:30 p.m.

Earlier in the afternoon around 4 p.m., a smoky mop which had evidently picked up a burning cigarette while being used by an employee filled the Country

House Restaurant on Rte. 173 with smoke and just after that the engines rolled to a shed fire at Hugo Holbeck's home.

According to Fire Chief Todd Mapleshorpe, a power mower that had been put in the shed immediately after being in operation evidently was responsible for starting the fire.

Flood funds

(Continued from Page 1)

That application has already cleared county channels and awaits the county's application to the U.S. Dept. of Housing and Urban Development (HUD).

"We have every reason to believe the money is the township's and should be available by July," Rumsey added.

"Hopefully the engineers will respond to our letter by June and we can start the construction by early fall," Rumsey said.

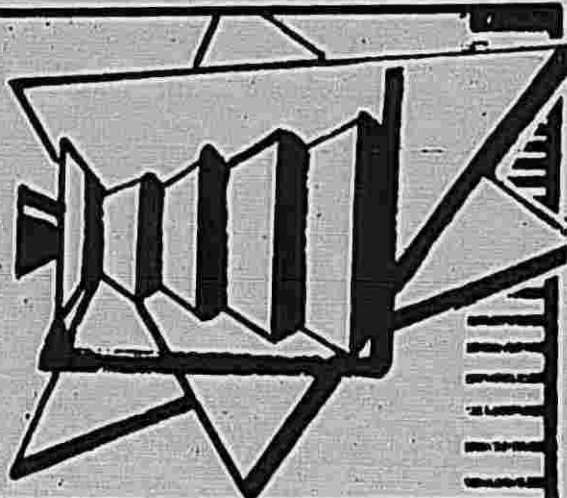

The actual kick-off date of the project depends a lot on the weather.

The problems have been caused by a build-up caused by years of failing septic systems and the constant filling of the two lakes with silt and sludge.

When I think about it Life's short, make it sweet

by GLORIA DAVIS

We're into the season when everything is springing to life. The buds are on trees and plants and the grass is turning greener even in your own backyard.

People have left their four-walled winter confinement and are outside again doing people to people things.

And it suddenly seems like half of the young gals in town are pregnant but that's probably just because they've doffed those disguising coats.

It's strange that this should be the season for me to experience the first death in my immediate family, especially having already gained grandma status myself.

Yet I guess it's not so strange seeing that, although he was still working three hours a day, my dad was 85 years old. They say that more elderly people die in the spring than any other time of the year. Maybe its because getting through that last winter was just too much for them.

My dad was between shifts of the job he loved when he died suddenly of a heart attack. One he had held since his official retirement when he was in his late 70s, that of a school crossing guard, seeing that the little ones got safely across the street even in below zero temperatures. And the little ones sure loved the little man with the Santa Claus beard that took their hand every school day.

There was even a huge arrangement of flowers tied to a tree on his corner the day of the funeral.

I hope you'll pardon my public grieving but there is a well known purpose.

It won't hurt to be reminded to love those who are close to you every chance you get no matter what their age, for God may choose to make it your last chance.

We've all heard the stories of the baby who was tucked in his crib never to wake again because of the mysterious crib death syndrome.

Maybe you knew that little girl that was hit by a car on her way home from school of the teenage boy who never returned from a Friday night barhopping stint.

Or maybe that 40-year-old plumber that died of a heart attack without warning was a good friend of yours.

One of the first things that popped into my mind the day my dad died was whether or not I had kissed him goodbye as he walked me to my car to make sure his "little girl" got there safely after my last visit.

I know I did, but it was just such a habit that it escaped pictorial memory.

So kiss them, hug them, call them, write them right now and make that a habit. There will come the day when you'll be glad you did!

Along the way with ANNIE MAE

All of Ken Smouse's many friends are saying prayers for a speedy recovery from the heart transplant operation he underwent at St. Luke's Hospital, Milwaukee, on Friday, May 13.

Hurry back Ken we miss that jolly manner and golden voice of yours!

Vi Johantgen, who had so many problems with vandalism at her Yellow Bird Lounge on Rte. 173, tells me that things have been quiet lately but the upcoming warm season will tell the tale if the problem still exists.

Mabel Lou Weber, who already has a bowling shirt covered with honor patches, got a few new ones last week when she went to Las Vegas to bowl in the Womens' International Bowling Congress.

As far as her bowling prowess goes Mabel said that she had not been "bowling" them over so to speak but at least her ball came back through the chute everytime.

The Showboat Lanes, the site for the congress, has 128 bowling lanes. Mabel reported that there were 140 teams of five gals each bowling at one time during the matches.

Russell Community Church is planning an "All You Can Eat" benefit luncheon from 11 a.m. to 2 p.m. on Tuesday, May 24.

Adult tickets are \$3.50, seniors are \$3 and children can eat for \$1.

I see where Cadet Steven Skidmore, son of Supt. Don Skidmore and his wife, will attend Air Force Reserve Officer Field Training at Lackland Air Base, Tex. this summer.

Skidmore is a math student in his junior year at the University of Illinois.

Skidmore takes one Air Force Aerospace course each semester.

Congrats to Heidi Schluntz who has made the dean's list at Western Illinois University, Macomb.

Congrats also to Second Lt. James J. Foksett, son of Clifford R. and Mary C. Foksett. He has entered the Air Force Inst. of Technology to study for a medical degree at the Loyola Universitys Stritch School of Medicine.

by Robert T. Sven B.S.D.D.S.

WISDOM TEETH

Q: When should wisdom teeth be pulled?

A: Healthy, straight wisdom teeth need not be removed at all. However, not every mouth has enough room to welcome these teeth when they come in, usually somewhere between ages 17 and 25. Should they erupt at an odd angle or become impacted behind a second molar for lack of growing in space, this can further crowd the mouth through excess pressure and damage other teeth or the jawbone.

Sometimes, as a tooth erupts, the gum becomes infected. If this can't be cleared up, the tooth must be removed.

X-ray examination of wisdom teeth is essential to determine if a cyst is present. If so, tooth and cyst must be removed. When extraction is called for, your dentist may refer you to an oral or maxillofacial surgeon to do the job.

Antioch students in spelling bee

Thursday evening, April 14, 14 top spellers from Antioch Community High School competed in a spelling bee to find the top five spellers in the high school.

The top five spellers were: Becky Albrecht, April Rapp, Leslie Stollenwerk, Bill Sweeney and Matt Swiatek. Parents of the top 14 were invited to attend the bee.

held in the choir room, and heard students struggle with "murmuring", "implement" and "rebuttal". At least Leslie Stollenwerk spelled "interfered" and the bee was over.

The five team members will compete at the Northwest Suburban Conference Spelling Bee, on Thursday, May 12, at Wauconda High School.

On that day, eight schools

will compete to find the top speller and the top team in the conference.

Alternates for the Antioch team are: number one, Jackie Skradski and number two, Patti Grego. The 14 contestants on April 14 had placed in the top 46 spellers in a school-wide written spelling test on March 8.

The 46 then had a spell down (in which "cholera"

eliminated three contestants) to find the top 14. They were: Becky Albrecht, Sandy Atwood, John Cain, Rhea Dittich, Terry Garver, Patti Grego, Mike Harris, Craig James, April Rapp, Michelle Rapp, Jackie Skradski, Leslie Stollenwerk, Bill Sweeney and Matt Swiatek.

Mrs. Kakacek, Mrs. Ross and Mrs. Hoenicke are helping the spellers.

Sequoits number one!

The Sequoit baseball team is now all alone in first place in the Northwest Suburban Conference with two games to play this week, one at Grant on Monday, May 16, and the other against Grayslake on Wednesday, May 18.

Antioch Coach Tom Baba said that the makeup game against Grayslake, rained out on Saturday, May 14, might be played as part of a double header on that day.

Antioch is 12-3 in overall

play and 9-2 in conference play, with the regionals due to start on Tuesday, May 24.

On Monday, May 9, the Sequoits took Warren, 6-2, with Vince Gawrecki pitching the win. Gawrecki went the distance throwing 10 strikeouts and three walks. He had four RBI's in the game, including a homerun in the top of the seventh with the score 2-0.

A double by John Humphreys scored the first run in the first inning.

On Wednesday, May 11, it was a close one that went nine innings when Antioch met Wauconda, edging the Bulldogs 3-2.

Lester Zitkus was the winning pitcher also tossing 10 strikeouts and three walks. There were no earned runs in the game.

Humphreys hit a single to tie the game up in the fifth inning. But it was a double by Jerry Haling in the bottom of the ninth putting him on base. Then John Mahar

got an intentional walk and a misplayed sacrifice bunt by Joe Bissing brought Haling in to score the winning run.

Friday, May 13, was more than a lucky day for the Sequoits as they trounced Lake Zurich, 9-0.

Again Gawrecki was the winning moundman, making him 5-1 for the year.

The Sequoits scored their first two runs in the second inning when Haling walked and John Mahar slammed a homer.

The big inning was the sixth. With one out, Bissing went to first on a shortstop error and then stole second.

Andy Lehn walked. Then with two out, Zitkus slammed a triple bringing in

Lehn and Bissing.

Then Craig Prather walked and a single by Gawrecki brought in Zitkus and a base hit by Brad Herbst brought in Prather.
